Subject: RE: Dissolution of CASAC PM Review Panel

The press office says that Sean was fishing around with them too this morning and they provided a response already (trying to find out what). They'll also remind him that press Qs should go to press@epa.gov.

I was not involved in the decisions about the panels. I agree that it is a good idea to provide an explanation of the process.

Thanks, for forwarding, I'll work with the press office. Do you have guidance on what you'd like them to say in response? "No role" and an explanation of the CASAC process?

Mr. Wehrum:

I'm working on a follow-up story this morning that will reference your work as counsel to the PM NAAQS Coalition et. al. in the D.C Circuit litigation (Case Nos. 13-1069/1071) challenging EPA's revisions to the particulate matter NAAQS published in January 2013. In that context, I just wanted to see whether you had any role in regard to the decision announced last week to disband the CASAC PM Review Panel and not to proceed with formation of the CASAC Ozone Review Panel. f so, what was that role and/or what is your position on that decision?

My deadline is 11:30 this morning. Thanks very much for your assistance.

Regards,
Sean Reilly
